

## Long M5 M6 M8 M10 M12 3/8 In Strut Channel Spring Nut 5-Pack

### Basic Information

- Place of Origin: Jiangsu, China
- Brand Name: HENG TONG
- Model Number: CN4121
- Minimum Order Quantity: 200 pieces
- Price: \$0.10/pieces
- Packaging Details: Packed into cartons  
Also packed as clients' requirement

### Product Specification

- Material: Low Carbon Steel
- Finish: EG
- Highlight: m12 long spring channel nut,  
m5 short spring channel nut,  
3/8 in. strut channel spring nut 5-pack

## Product Description

### M6/M8/M10/M12 channel Spring Nut

Channel spring nuts are suitable for seismic zones, as they provide stability and resistance to seismic activities. They offer compatibility with different types of fasteners, such as bolts, screws, or threaded rods, for secure attachment.

The nuts allow for efficient cable management, reducing clutter and facilitating maintenance and troubleshooting.

Channel spring nuts provide a neat and organized appearance by securely holding accessories within the channel system.

They can be easily accessed and adjusted without the need for specialized tools or equipment.

These nuts are designed to meet industry standards and certifications, ensuring compliance with safety and performance requirements.
